THE TOWN RECORD

By MONTE DAYTON

Never let it be said that JOE BFTSLPK, of LI'L ABNER comic strip notoriety, has anything on a new Daly City resident.

Just moved to 499 Vista Grande is STEFEN DMYTRASZCZUK, with the accent on the last eight syllables, I guess.

Stefen (must forego, for obvious reasons, usual journalistic practice of using last name) reported to the water department last week to pay for services.

"And what is your name, sir," water clerkess WILMA RILEY asked.

"Here, better take my card," says he, and a very considerate man that he is.

RABBI WOLLI KAELTER, hearing how the lavish Westlake suburbia was once nothing but a bunch of cabbage patches:

"And now it take a patch of cabbage to live here," he speculated.

MRS. EVA HOBBS, who steered the TB campaign ship from this end of the county, says she's got nothing but thanks for the many ladies who helped so vigorously in the recent drive.

There's MRS. STANFORD HANNAH, MRS. R. L. CRANE, MRS. ALBERT D'ISEP, MRS. ELLEN WALLACE, MRS. WINHURST and MRS. MARTHA LINDEN, to mention a few who went out and stumped for the worthy cause.

Generally, when one thinks about architects, planners or other such professional blueprint-doodlers, one does not immediately picture a medium height dish of a blonde, with oh-so dimensions and a twinkling scottish brogue.

Therefore city planners, council and other officials were somewhat taken aback Monday at the professional playground planner who appeared before them with all the done for the Westlake park.

This young lady, guaranteed to rate a double-take from any male between the ages of 6 and 66, is MRS. CECILIA MOGENSEN, who is, incidentally, very adept in playground planning.

And she brings all the specifications. Yes, ahhhll the specifications.

LENORE BREWER, "My Mad World" columnist of THE RECORD, is absent from her usual editorial page spot this week, being bugged by the virus.. Her column, the flu notwithstanding, will be resumed next week.

IT'S FIFTY YEARS FOR THE OLIVERS

THE WILLIAM OLIVERS of 256 Hillside boulevard achieved a record last week that few couples can boast. At a gala party given by their relatives and friends the pioneer Daly City residents celebrated their 50th year of married life together.

DC Pair Celebrate Golden Anniversary

It was just an even fifty years ago last week that William S. Oliver and Rachel Campbell, a handsome young couple, exchanged wedding vows in Detroit, Mich.

Even had they tried, the Olivers, who live at 256 Hillside boulevard, couldn't have forgotten the anniversary of the occasion.

On the night of the Golden Anniversary, some 40 close friends and relatives pulled off a successful surprise and toasted the happy couple until the wee hours at the Hillside address. The affair was complete with color movies, which started rolling as the couple entered the front door, presumably to come home for a quiet evening after visiting a few of the relatives elsewhere.

The Olivers have lived 36 years in Daly City, numbering them among the real old-timers in the area.

The couple first met on a wintry day while waiting for the ferry in Port Huron, Mich.

As they unanimously put it, "We were both waiting to meet somebody. Nobody in particular." And so they met and the happy result of that meeting is in evidence a half a century later.

Mr. Oliver is a veteran's veteran in the printing game. Tomorrow (Saturday) he becomes eligible for his 60-year pin in the International Typographical Union. His forte was hand-setting type. "These new linotypes are too strenuous. It's just the same thing over and over," he complains. At one time he owned his own printing plant in Detroit.

His hobby, aside from his profession, has always been gardening. Mrs. Oliver names as her first love raising children.

The couple have three children, Frederick Stanley Oliver, Jeanette Laidlaw and Florence McCune, and four grandchildren, Scott and Russell Laidlaw, Earl William McCune and William Oliver.

The Olivers reminisced last week about entertainment back at the turn of the century. "In those days we went to the travelling shows, mostly," Mrs. Oliver said.

"And remember the sleigh rides and buggy rides. We had lots of fun," the Mrs. added.

What's their secret to 50 harmonious years together? "Just give and take," they agreed.

FOUR HURT IN CAR MISHAP ON ALEMANY

A collision at the intersection of Alemany boulevard and Lynnewood drive resulted in minor injuries to four persons Tuesday evening.

As a result of the accident, both drivers were cited.

Jean Mary Teplin, 24, of 42 Clifton drive, was travelling east on the Alemany when her auto struck one driven by Anthony Joseph Manina, 35, of New York, who was going south on Lynnewood, having just pulled out of the arterial stop.

Both drivers were treated at Junipero Serra hospital for minor injuries and later released. Also suffering minor hurts were Carol Sandt, 26, 42 Clifton drive, and Velta Melton, 33, of San Jose, both occupants of the Teplin vehicle.

Miss Teplin said she was driving in the slow lane and didn't see Manina come out from the stop until the cars collided.

HEARINGS SET FOR THREE ANNEXATIONS

Public hearing on three proposed property annexations will be held at 8 p.m., February 23.

The council set that date for three annexation matters at their regular meeting Monday night and instructed the clerk to post announcement of the hearings.

Property up for hearing is: Portions of Block 4, 7 and 8, Garden Village Land association; Portion Block 8, Castle Tract, Portion Block 44, Abbey Homestead property; Portions Block 63 and 64, Abbey Homestead association.

Other annexation business included introduction of ordinance for Daly City's acquisition of the once-famed Cabbage Patch area south of the city limits.

In other resolutions the council:

1. Paid $1250 to Engineer Edwin Smith for improvements during December of water system, to be taken from the 1952 water bond fund.

2. Authorized payment of $2752.50 for redemption of 1952 fire protection bond.

3. Authorized payment of $15,-181.25 as part redemption on recreation bond issue.

BROADMOOR POLICE OUST MAG HUCKSTERS

Residents of the Broadmoor area have been alerted by police there to watch for high-pressure magazine subscription hucksters who have pestered some 20 householders during the past few days.

According to Police Chief Ray Savage, some 20 calls were received at his office this week complaining about the "tactics" used by these salesmen. One lady reported $1.50 was taken from a milk bottle on her front porch by one of the agents.

Mrs. William Jacobsen, 1061 Gilman drive, said the money was in the bottle when she closed the door and as the man left he reached over and took the money.

Other residents complained of "foot-in-door" methods used by the solicitors, while one lady said a salesman had called her "cheap" because she wouldn't subscribe to one of the periodicals.

The salesmen all use the spiel, which was printed on a form, police said.

Supposedly there is a $500 prize connected with the subscriptions.

Broadmoor police rounded up the three men involved yesterday and told them to hot-foot it out of the area. No charges could be made, since Broadmoor has no ruling against soliciting.

However, Savage said, any legitimate solicitors should report to the Broadmoor police before working the area in order to avoid any misunderstanding.

Abandonment Of Bus Lines Hot Topic At Chamber Meet

State Votes $87,000 For Alemany Signals

The state highway commission yesterday (Thursday) gave the go-ahead on the Alemany traffic signals, approving an $87,000 state allocation for the project, a wire service story reports.

The release came from Los Angeles, where the commission is making up their budget for the coming year.

The three-way signals, to be installed at Alemany boulevard, Lake Merced and Lynnewood drives, have been sought by residents of the Westlake area for more than a year. The interesection has been the scene of many serious pedestrian and auto mishaps.

Total cost of the signals will be $107,000, of which Daly City will pay $20,000.

TURNER SUGGESTS LOCAL SUBSIDY AS ONLY SOLUTION TO DC QUANDRY

An emergency session of the Daly City Chamber of Commerce and city council was held yesterday (Thursday) to map Daly City's strategy to keep the local bus lines rolling.

The San Francisco public utilities commission voted Monday to abandon seven muni lines, among them the Cemeteries (No. 56), which serves Colma, and the No. 76, which provides transportation for Broadmoor and Westlake.

Appearing before the luncheon meeting yesterday as a special guest was James Turner, head of SF public utilities.

Turner explained that the abandonment of the lines was purely a business transaction. He pointed out that the No. 76 lost $32,794, while the No. 56 showed a $13,199 deficit last year.

Ed Weisenberger, Colma city clerk, protested that the Cemeteries line was used mainly by San Francisco residents.

But Turner pointed out that the San Francisco muni railway must receive a tax subsidy of 3.5 million dollars to operate from the coming year.

"We're deriving no tax money at all from the San Mateo county runs," he said.

"However," he added, "If the Daly City area can subsidize the buses, you'll get the kind of service you want."

Councilman Joseph Verducci was optimistic: "San Francisco has always cooperated with us 100 per cent in the past and I'm sure they will do their best to help us iron this problem out."

Asked when the bus service would be yanked from this area, Turner said, "By July 1 (beginning of the fiscal year) at the latest. Probably before that date."

Meanwhile, a Chamber of Commerce statement that was to be read before Turner yesterday failed to materialize. This official stand was supposed to summarize the benefits San Francisco realizes from providing local residents with bus service.

No tangible action came out of yesterday's meeting, but all local Chamber executives and city officials scurried to make plans for future studies and joint gatherings with San Francisco utilities men.

Maybe Six Weeks

SEWAGE PLANT DUE SOON

Construction of Daly City's sewage treatment plant may begin within six weeks, north San Mateo County Sanitation district directors announced today.

The sewage processing plant, to be located near the intersection of Lake Merced and Alemany boulevards, will be built at an estimated cost of $650,000, money allocated by the voters in a bond election last year.

The board of directors of the district are expected to call for bids on the job at their next meeting, February 8. At that time Harry Jenks, civil engineer on sewage disposal plants, will submit complete plans for the facility.

At the same time, directors are expected to call for sale of $300,000 in bonds to finance the project in its early stages.

Arthur J. Bodien, secretary of the district, explained that sale of only half the bonds was an economy move, designed to avoid payment of interest on idle money.

He pointed out that the $300,000 would be ample for progress payments on the structure. Later, as work nears completion, the remainder of the bonds can be sold, he said.

In addition to actual construction of the plant, bidders will be called on to submit figures for installation of an outfall line near Ft. Miley which will carry the treated sewage to the ocean.

This will be an extremely difficult task, Bodien said, since working hours are limited by the tides.

DALY CITY HIGH IN POLIO DEATHS

Polio cases throughout San Mateo county took a sharp decrease for 1953 with 89 cases and three deaths reported for the year.

High on the death rate was Daly City with two of the three deaths occurring here. In all Daly City had eleven cases of polimyelitis during 1953.

According to the San Mateo county health bulletin, there was an incidence of 114 cases and seven deaths in 1952 for a decrease of 25 cases and 4 deaths this year. Coincidentally, there were the exact number of cases and deaths as last year in 1951.

Other facts in the summary report showed that 57.3 per cent of all cases had some degree of paralysis, 13.5 per cent had bulbar or spinal respiratory, and 59.5 per cent of all cases were males.

Young People's Dance At Broadmoor Tomorrow

Young people of the Broadmoor and Westlake areas will dance to records tomorrow (Saturday) night from 7:30 to 11:30 p. m. at the Broadmoor community center.

Refreshments will be served at the function.

In charge of the affair are Mr. and Mrs. Herbert Stettler, Lake Merced Post and Auxiliary 9921, VFW, are sponsors of the event.

Census Takers Course Finished; Count To Start

A course for census takers was scheduled to be completed yesterday and Daly City's population count will probably begin today, City Administrator Dan Andersen announced.

A total of 18 persons have reported for duty as enumerators thus far, and about 10 or 15 more are needed, Andersen said. Census takers receive six cents per name. Approximate wages are $10 a day, he added. The census will last from two to four weeks.

A class in operation training was held today for workers by Mrs. Catherine Gaston, department of commerce census official.

Persons interested in working on the census may apply for interview at the council chambers in the Daly City city hall.

The census is expected to reveal a population of more than 25,000 persons in Daly City. Of this total, approximately 10,000 are from Westlake.

If the 25,000 figure proves accurate, Daly City will receive an additional $70,000 yearly in state tax allocations.

Voting "Very Light" On Broadmoor Annexation Move

At 12 noon yesterday (Thursday) voting in the Broadmoor police district annexation was reported "very light."

Just slightly more than 50 votes had been cast in the election to annex unincorporated Colma and Sterling tract to the Broadmoor police district.

More than 50 per cent of the voters within the present district bounds and in the area to be annexed must approve the measure.

Val Olson, member of the Broadmoor Property Owners' board of directors, predicted that the turnout would be less than 300.

NO LOANS MADE FOR TWO LOCAL SCHOOL DISTRICTS

Jefferson Union High school and elementary districts were among the one-third of the county districts which did not have to borrow money in 1953 to pay bills during the month's preceding receipt of either state funds or local taxes.

This disclosure was made today by County Superintendent of Schools James R. Tormey. A total of over $2,000,000 was borrowed by 20 county districts.

The county districts which received these loans, comprising two-thirds of the schools, had to pay nearly $12,000 interest on tax anticipation notes to avoid registration of warrants at a higher interest rate.

The superintendent's office said that judicious watching of the budget on the part of the two local districts made it possible for the districts to make it through

COUNTY PLANNERS OK NORTH END PARK PURCHASE

The county planning commission Wednesday went unanimously on record as favoring purchase of a 190-acre north county park site on the outskirts of San Bruno.

The move was introduced by Arthur J. Bodien, retired Daly City water department superintendent, who is a member of the commission.

The county board of supervisors has already expressed itself in favor of the park. Supervisor Thomas J. Callan of Colma was

SMOKE SCARE AT MIRIAM; TWO FALSE ALARMS TURNED IN

A smoke scare caused by faulty wiring did only minor damage to a Daly City home Tuesday as firemen arrived on the scene to yank out the hot connections.

The department was summoned early Tuesday evening by Mrs. M. Austin, 137 Miriam street.

Extent of the blaze was limited to slight smoke damage.

Companies No. 1, 2 and 4 of the local department were kept hopping Tuesday by two false alarms, turned in at box 15 and 53. The fire laddies have been plagued by the bogus alarms during the past month, a total of five being reported.

Residents Protest

VALLEY STREET FLOODS

Last weekend's heavy rains brought a near-flood state in the First and Valley streets area and brought on a flood of irate home owners to the council chambers Monday night.

Approximately 10 residents of the flooded area appeared at Monday's meeting, but City Administrator Andersen satisfied their questions before the regular session began.

Flooding in the area was caused by inadequate drainage facilities. Waters came to dangerous heights at many homes, and one woman reported the deluge poured into her basement, ruining a bedroom set.

Andersen told the group that he had arranged to call in the state division of highways for aid, since the run-off of water is from Mission street, which is a state highway.

What is needed, Andersen said, is a deeper gutter across the intersection of Valley and Mission streets to carry excess water further south, out of the residential area.

According to many homeowners, Mission street was "like a river" last weekend.

Andersen said the state should participate "at least 50 per cent"

WOMAN'S LIFE SAVED BY POLICE AND FIREMEN

Police and firemen collaborated Tuesday to save an aged Daly City woman from possible death after the woman had lain unconscious several hours in her home at 414 Evergreen avenue.

Mrs. Laura Ramsey, 70, suffered a stroke that morning and neighbors had been unable to reach her throughout the day.

A near-by resident summoned officer Charles Munday, who, with aid of a ladder, observed Mrs. Ramsey lying prostrate on the bedroom floor.

Firemen responded, breaking in the door, and the lady was rushed to Junipero Serra by Daly City ambulance.

Attendants at the hospital said her condition was "not too good," but it was believed she would live. Later yesterday she was transferred to San Francisco hospital.

JEFF HIGH TEACHERS' CRUSADE DONATIONS ARE SECOND HIGHEST

Teachers at Jefferson Union High school contributed almost $500 to the United Crusade in San Mateo county, giving them the second highest average per teacher in the county.

This information was revealed today by the San Mateo County Teachers' association.

Jefferson's average contribution per teacher was exceeded only by that of San Mateo Junior college.

LAUNCH WESTLAKE PARK PLAN; SITE CHOSEN FOR CLUBHOUSE

The Daly City council, recreation commission, a representative of Henry Doelger and other city officials got down to brass tacks Monday night on the question of Daly City's new 10-acre park site and $25,000 clubhouse.

Result of the joint meeting was: Selection of a definite site for the clubhouse, near the northwest corner of the 10-acre site at the intersection of Lake Merced and Alemany boulevards; outlining of tentative facilities to be installed at the park.

Jack Kendree, representing the Doelger firm, said the company was "ready to go ahead" with the clubhouse construction as soon as the city prepared specifications.

To Visit Site

The recreation commission decided to visit the park site this Saturday to set plans in motion.

Following their inspection, Mrs. Cecilia Mogensen, professional playground planner, will draw up plans for the park and give the city a close estimate of what development will cost. This will take eight days, she said.

Those in attendance at the special meet were in agreement on the site for the clubhouse. They also said the facility would be located about 80 feet from Lake Merced boulevard, and space would be allotted for parking from 50 to 100 cars.

Facilities At House

General consensus was that the clubhouse should contain one large room, probably with a fireplace and other facilities for cooking.

There was some disagreement as to other facilities which would be included, but the group said these details could be worked out later.

James Mason, recreation director, suggested the following facilities for the park as a whole: Picnic areas—barbecue pits, tiny tot area, baseball field, softball field (lighted), club house building, grass area.

He mentioned basketball, tennis and volley-ball courts, an old folks area and tetherball standards as facilities which might be considered for possible future development.

John Brown is a new student in our room. Fernando Rivas entered our room several months ago. He has told us many interesting things about Costa Rica.

We are studying Argentina in Social Studies. Buenos Aires, the "Paris of America" is an interesting city. The class will illustrate the story of Argentina with free-hand maps and diagrams.

The reading class enjoys the Weekly Reader. This little newspaper had a large item on treasure under the Sahara. The back of the paper has a fact hunt about the Sahara Desert and other thought provoking things to do.

Fifth Grade,
Mrs. Fisher, Teacher

Our class had a very fine Christmas vacation, for we seemed to have had a lot of rest. We are back at our work and very glad to be studying again. The first week, off and on, we exchanged experiences from our vacations.

On the first day back from our vacation, we welcomed a new boy in our class. He is Scott Daugherty. Scott has been attending a Military School, and we have been quite happy to learn about how people go to school at a military school.

We are continuing our Social Studies in learning about the United States. Everyday, more and more, we are glad and proud to learn about the early days of our country.

In our Science studies, last week, we had a good discussion about Smog. Lynne Beeson came up with a solution that we might "eliminate the smog by doing away with all the smoke," and she said that "it may be done by having substitutes for those things that have to be manufactured with an outcome of smog." Marshall Goidkuhl also had a good suggestion. It was that we should have a huge fan of some kind up in the air to separate the heavy sooty air. We were very enthusiastic about doing something about this and we plan to give the Smog situation a lot of thought for the future; for we know that a lot depends on us for the future.

ICE-BOX ORDINANCE INTRODUCED AT MEET

Following suit with other communities who have taken the "ounce of prevention" attitude, the city council Monday night approved an ordinance making it unlawful to leave abandoned ice boxes where they are accessible to children.

Introduced by Councilman Edward J. Dennis, the ruling prohibits the leaving of "unattended or discarded ice boxes and refrigerators in places accessible to children."

The ordinance stated these boxes "constitute a serious danger" and are a "constant menace" to the community.

In recent months a number of children throughout the country have died from suffocation after being trapped in the boxes.

The legislation stipulates that the door of all such abandoned boxes must be removed or the locking device taken off.

Penalty for failure to do so is a maximum fine of $300 or 30 days in prison.

Each day that an abandoned box stands in violation of the ordinance will constitute a separate offense, the ruling reads.

The ordinance will become incorporated in the city statute book 30 days following the second reading, scheduled for the next regular council session.

Launch Plan For Westlake Park

(Continued from Page 1)

the park lands was also brought up. This would, according to Councilman Paul Green of Westlake, do away with the installation of a $30,000 drainage set-up to take off excess water from the park site.

The lake would be approximately one acre in size, Green said.

Mayor Anthony Gaggero, who is also a member of the North San Mateo County Sanitation district, which owns property adjacent to the park, said the district might enter into some agreement with the city to make possible the use of a lake as a reservoir for run-off water.

Smith Backs Idea

City Engineer Edwin Smith said "as long as the drainage comes out there, there's no use throwing the water away." He explained that some times when the city's pumps are operating at the maximum, there is excess water which merely goes to waste. "Use of the lake would be much cheaper than installing pipes," he added.

Mrs. Gordon Carlson, member of the commission, expressed herself against the lake project, taking the opinion that it would form a dangerous hazard for small children.

Director Against

Director Mason, following the meeting, also spoke against the lake because of the danger factor.

Head of the commission Ed Cavagnaro invited all interested city officials to meet Saturday when the commission makes its inspection of the park site.

No Loans Made For School Districts

the year without a loan.

The office pointed out that both districts had built up ample financial reserves in the preceding year. "Very few districts are in that favorable a position to build up reserves," they said.

Although school districts must pay salary warrants for the purchase of supplies and equipment needed for the opening of school, they do not receive money with which to pay such bills until late September or early October when approximately 10 per cent of the basic aid from the state is received.

Tormey pointed out that after that, although a small partial apportionment is made in November, not until mid-December is a sizeable apportionment from the state received. This apportionment of 50 per cent of the amount estimated due is then followed by further partial payments during the remainder of the school year.

Exhibit Of Etchings Is On Display At Daly City Library

On display this week at the Daly City Public Library is a special exhibit of etchings created by active members of the Print Makers Society of California.

This non-profit group was organized in 1914 as an international unit designed for educational purposes. Its members aim at furthering print appreciation and benefiting the graphic arts and artists. Active members of the Print Makers Society supply prints, such as those which are at the library this week, and these drawings are circulated to museums, art galleries, etc., by traveling exhibits throughout the west and middle west.

The prints are for sale, priced by the artists. Associate members of the society aid to a great extent to its maintenance, and through their membership they are enabled to add to or begin their own collections for far less than these prints would cost on the regular market.

Artists become active members by invitation, and only after their work has been passed upon by the Board of Control. Print makers interested in becoming affiliated with the society are invited to write for definite information to the secretary at the following address:

The Print Makers Society of California
88 East Peoria Street
Pasadena 3, California.

The special exhibit, which was loaned to the Daly City Public Library through the courtesy of the San Mateo County Library, will remain for a limited period, so all residents interested are encouraged to come to the library and look at it.

Doelger Execs Take In Builders Confab

DUSK DRIVING

Dusk is the trickiest time of the day and almost the most dangerous.

One of every three pedestrians killed in traffic accidents during the winter months dies between 5 and 8 o'clock in the evening. One-fifth of all traffic fatalities occur during these same early evening hours.

Dusk is the time of deception. Other vehicles seem to disappear. Pedestrians are lost in half light and shadows. At about this time headlights seem to be almost useless and people fall victim of eerie distortions.

You may feel that your headlights do not help you to see at dusk, and this may be partly true. It is also true however, that the other driver will see your headlights much sooner than he can see your car without lights.

Two simple precautions that will help protect motorists and reduce the danger of these twilight tricks:

1. Slow down and be prepared to make emergency stops.

2. Turn on your headlights early, don't use parking lights.

Sundown is the most dangerous time of the driving day. Your visibility is limited. Remember that the same problem exists for all other drivers. It is most important that all drivers recognize the danger and drive accordingly.

Accident Report

Noted Professor To Speak At S.M.J.C.

Dr. Robert Scalapino of the University of California faculty will lecture and show color pictures of India and Burma at the San Mateo Junior College Monday evening, Jan. 25. He is just back from 14 months of travel and study in the Far East. The college invites the public to attend without charge. The program will start at 7:30 in the college auditorium.

Two Projects Held Up For Study By Westlake Board

A report from the architectural committee delivered by chairman Don Haas was heard by the Westlake Improvement association board of directors at their meeting Monday night.

Two applications for building were heard in the report, but were held over for further investigation by the board.

Discussion of tree rehabilitation was also held. The board moved to plant new trees where others had been damaged by the wind.

Monday, February 1, will mark the regular open meeting, to be held at 8 p.m. in the clubhouse.

The general public is extended a cordial invitation by the board to attend. Coffee, doughnuts and snails are served following the meetings.

MERCED VFW INITIATES TWO MEMBERS

Initiation of Mrs. Agnes Luttringer of South San Francisco and Mrs. Rosemary Coulter of Broadmoor Village was held by the Ladies Auxiliary to the Veterans of Foreign Wars of the U. S., Lake Merced Post 9921, at the Broadmoor Community Center last week, according to Mrs. Rose Fisher, Auxiliary president.

Mrs. Elizabeth Angeli was welcomed into the group as a transferee from another Auxiliary.

Guests included Josie Valenti, Lena Pardini and Mary Conti from Old Glory Auxiliary V.F.W. Post 2044 in Daly City.

Plans are underway for a gala teen-age dance to be held Saturday, January 23, at the Broadmoor Community Center from 7:30 'til 11:30 p.m.

Goods valued at $45,790,629 were imported through the San Francisco Customs District in 1952 from Colombia.

IGNORANCE IN HIGH PLACES

The San Francisco public utilities commission's recent action in recommending abandonment of local bus lines is a cardinal example of ignorance in high places.

This action, which would leave thousands of local residents virtually "isolated," transportation-wise, was prompted by cat-calls from the San Francisco taxpayers, who rightly wonder why a bunch of high-paid geezers can't make a once-affluent business get out of the red ink. The move was sustained because the barrel bottoms haven't got the answer and figure they've got to throw the taxpayers a few fish to quiet them for a while.

The PU boys' reasoning in abandonment of the cable cars, though none of our damned business, followed along the same general lines of appeasement.

Everybody in the world, commissioners excepted, know that San Francisco is where they have "those cable cars." These noisy vehicles, awash with Victorian elegance and remindful of more boisterous days, along with a few high-fare dining palaces and sundry geographical landmarks, are prime ingredients of one of the world's most successful and far-reaching free publicity and promotion campaigns—one that an ingenious advertising executive could nurse many an ulcer over before ever coming close to it for dollar producing magnificence.

The annual loot from free-spending tourists who come primarily to ride the cable cars, alone, would amount to more than ten times the money saved in one year by installing smoke-belching buses.

This thought, however, fails to reach the commissioners.

Abandonment of Daly City lines is a similar, if not parallel, case of organized idiocy.

In a little form sheet with lots of numbers, it says the Daly City lines lose the muni railway nearly $50,000 a year. This is the notation the commissioners see.

With all due consideration for their myopia, we would like to call to their attention the thousands of Daly City ladies and gentlemen who, with purse fat for plucking, invade the big city every week to buy assorted gew-gaws and bobbles from merchants who have made it quite plain that it's not for real unless it's San Francisco merchandise.

Then, of course, we have the thousands who daily suffer stoically through the ordeal of their daily bus ride to their place of employment in San Francisco.

Perhaps the prospect of some 5,000 additional cars honking into the down-town area each day does not jostle the commissioners.

This, probably, would be a problem for some other band of charlatans, known as the whosis survey on independent parking procedure, or municipal management for modern-day office use, unabridged.

At this point in the game, Daly City is in no position to demand that the Big City give us "our" buses back. We'll admit they operate here only from the sufferance of San Francisco.

But we are amazed and astounded to the point of uttering a ten-minute rendering of profanity without, to paraphrase the old saying, being redundant.

How unrealistic can half a dozen grown-up men with a substantial share of San Francisco's destiny in their hands be?

Library News

Station KQED, Channel 9

As mentioned in an earlier Library News column, speaker at a recent meeting of the Association of Children's Librarian's meeting held at the San Francisco main library was Jonathan Rice, program manager for the new bay area non-commercial television station. At that meeting Mr. Rice informed assembled librarians that the new station, KQED, channel nine, was scheduled to go on the air early in 1954. Because of the fine program planned and the great need for television entertainment of this type and quality, the Association of Children's Librarians of Northern California is giving its full cooperation to assure the success of the new station. A directive mailed from the offices of the Bay Area Educational Television Association (BAETA) states that grants from foundations and charter memberships in BAETA taken out to date amount to a little more than the initial installation cost of about $840,000. This figure assures that KQED can go on the air. However, an additional $235,000 must now be raised to make up the balance of the first year's operating budget of $250,000. It is the hope of the organizers of the new TV channel to raise this money through memberships and special gifts. Charter membership in BAETA is $10.00 a year for individuals and $100.00 per year for organizations. Special gifts will be contributed from the business community, foundations and individual donors. Each member is entitled to one vote at the yearly BAETA membership meeting in December, and will receive a periodic KQED program guide. The membership goal for 1954 is 6,850 individual members.

How many times have you expressed disgust and boredom with the programs which have come into your living room via the TV set? Have you ever been appalled by the scarcity of suitable children's programs? What are your feelings about the juvenile (and not very good juvenile at that!) type of trash which is offered for so called "adult entertainment?" Are you sick and tired of television shows which "talk down" to any normal adult audience? How about all the shows which are dominated by brutal scenes of crime and violence? Do you feel that there are many fine and worthwhile areas of interest, education, and entertainment which have been sadly neglected in T. V. scheduling thus far? I feel sure that many of us will answer (loudly) YES! YES! YES! to the above questions. Why not consider yourself a committee of one to do something constructive about it? Grumbling and bemoaning about the poor programs on TV is not a very constructive plan of action. It may make us feel better, but therein lies its sole function! Cooperate with the officers and members of the Bay Area Educational Television Association. Become a member yourself and contact others who might be interested. Few of us can afford to pass up this opportunity to assist the committee in charge of launching KQED, Channel 9, if we want to assure better TV programs for the future. It's up to the people like you and me to sponsor this non-commercial station, and it's the people like you and me who stand to profit most from the fine programs which the new channel will broadcast. Let's not be guilty of sitting back and letting the other fellow worry about it. Let's make T.V. station KQED a station the San Francisco Bay Area can be proud to own.

(A copy of the directive giving further details about KQED is on display at the Daly City public library.)

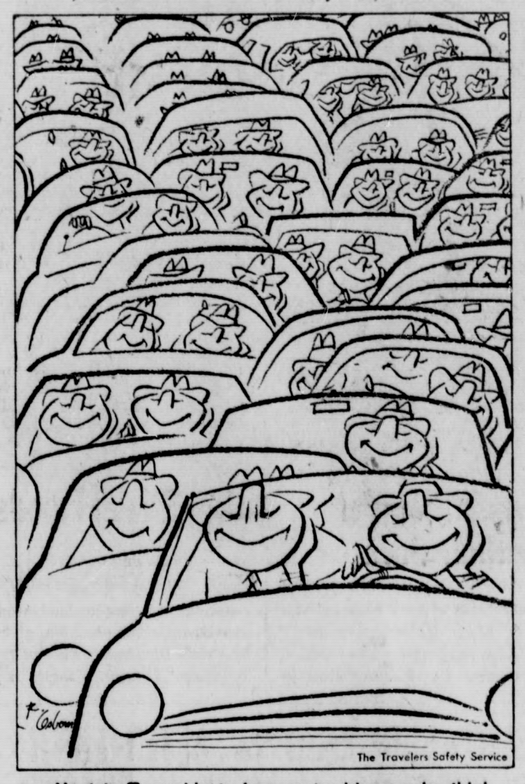
Who, ME? by Robert Osborn



Most traffic accidents happen to drivers who think accidents are always caused by the other fellow. Remember: only YOU can prevent accidents!

How Can I?

Q. How can I check nosebleed?

A. Pressure on the upper lip at the outer edge of each nostril will very often stop bleeding of the nose. A piece of ice rolled in cotton, or cotton soaked in ice water, may be inserted into the nostril and pressure applied from the outside; this also proves effective. Another method is to sit erect with arms raised above the head, and the head thrown back slightly.

Q. How can I remove indelible ink stains from a fabric?

A. Soak the stained article in a strong ammonia solution. If necessary, repeat the process.

Q. How can I make a good applesauce cake?

A. By using one or two cups of applesauce and spreading over the buttered top of coffee cake. Sprinkle sugar and cinnamon mixture over the applesauce.

Library News

(Continued from Page 3)

Science Fiction" (authors and title), "Cheerful Books," "Graded Reading Lists For Children Having Reading Difficulties"—(This list was taken from the Library Journal and adapted by the children's librarian. It was compiled specifically for children of elementary school age whose interests have outdistanced their reading skills. It is arranged by independent reading level and by interest level.); "Jefferson High School Reading List," "Seven Stories High"—(This is a basic book list for children. Compiled and revised by Anne Carroll Moore, former superitendent of work with children in the New York public library, this fine booklet lists the best books in fiction, poetry, folk and fairy lore, nonsense, history, adventure and biography. Classic and contemporaneous titles are grouped together according to age spans.)

Sundays 8 p.m. — Inspiration service.
Wednesdays 7:45 p.m.—Prayer and Bible study.

Young Peoples Society
(President—Mrs. R. Whiteside of Daly City)

Special times of fun, inspiration, challenge, and devotions, are the order for Youth Week (Feb. 1-6). Details will be announced next week.

The Young People have begun a project recently of buying a new refrigerator for the parsonage.

Sunday School
(Superintendent—Mr. N. Edwards of South San Francisco)

An active contest among the Sunday School scholars has just begun for the purpose of inviting and encouraging new students to attend the classes. This promises to be an exciting time. We have classes for all ages.

Missionary Society
(President—Mrs. S. Webb of Broadmoor)

The ladies of the church have been doing an excellent job of packing boxes with hospital supplies and clothes for various missionaries and needful people in foreign fields. There have been sixteen boxes prepared in recent months. The box work has been directed by Mrs. Ralph Marrs of South San Francisco. Clean clothes and supplies are always welcome for this cause.

Building Project

The success of the construction of our new church home has been made possible not only by a united effort of the members of our church but, the volunteering efforts and work, and encouragement of wonderful neighbors has been a heart-warming challenge.

Likewise, businessmen and contractors of the community have been helpful indeed.

Temple Sisterhood Hears Literary Talk

Members of the Westlake Temple Group Sisterhood heard Lewis Freehof, executive director of the Temple Emanuel, speak yesterday (Thursday) on Jewish literature.

A book review was included in the speaker's presentation.

FELLOWSHIP ENJOYED AFTER FIFTH CONGREGATIONAL MEET AT B'MOOR

The Broadmoor Community Presbyterian church held its fifth annual congregational meeting last Sunday at the close of the morning service, and after the meeting a brief social fellowship was enjoyed during which refreshments were served by the Women's association. Mimeographed reports distributed at the meeting showed all departments and organizations having the continued steady growth that has characterized its brief history to date.

The following men were elected as Elders: George W. Irvine, Ray M. Logan, John P. Rued and David A. Wholton; and fitting services of Ordination and Installation making these Elders-elect members of the Church Session will be conducted at 11 o'clock Sunday. Irvine was also re-elected treasurer of the congregation for the current year.

Among the other items of business, expressions of appreciation and thanks were extended and ordered forwarded to the Broadmoor police department. Having in mind the continued membership growth of the church "One Hundred or More in '54" was suggested as a slogan or goal to serve as an incentive for the year.

MIDWEEK BIBLE CLASS HELD FOR LUTHERANS

A Midweek Bible class is being conducted on Tuesday evenings at 8 o'clock at Bethel Lutheran church. Lessons from the Gospel of St. John are discussed by those in attendance.

Special classes are being held on Wednesday evenings at 8 o'clock to present fundamental Christian Truths as taught in the Lutheran church. Anyone desiring to learn what the Lutheran church teaches is welcome to attend.

The Annual Meeting of the congregation will be held next Sunday evening. The reports for the previous year will be presented. The Mission program for the coming year will be discussed in order to adopt a plan in which everyone may participate.

Divine worship next Sunday will be conducted at 10:45 a.m. The Rev. Herbert P. Schroeder will preach on the subject: "Thirsting For God."

Sunday school and Adult Bible class will be held at 9:30 o'clock.

St. Michael Fathers To Hold Paper Drive

The Fathers' Club of St. Michael's is planning a paper drive, the closing date of which will be April 24, 1954.

Under the chairmanship of Mr. John Murtagh, the paper drive committee is making arrangements to tour the city in quest of large amounts of newspapers, magazines, etc.

Pick-ups of securely tied bundles of newspapers may be arranged by calling Mr. Murtagh at JU 7-4564.

Prexy Lauds Ocean View Mother's Club Efforts

Mrs. Mary Cristofani, president of the Ocean View Mothers' Club would like to thank those people concerned in helping to make our Children's Christmas party and the Laguna Honda Christmas plan wonderful successes. The Club will continue with the care of the ward throughout the year.

The Club's new meeting date is the second Wednesday of each month, 8 p.m., Clubhouse, Capitol and Montana streets. New members are welcome.

Westlake Temple To Launch Ticket Sale For Benefit Dance

The Westlake Temple Group announced the opening of their ticket sale for a benefit dance to take place June 12, 1954, at the Scottish Rite Auditorium, donation to be $1.00 per person. A "Dream of a Lifetime Vacation" for two to either Rome, London, Paris or Israel, will be presented to some lucky winner on the evening of the dance. The value of this vacation for two is $3000. There will also be other valuable prizes presented.

All funds derived from this benefit are to be used for the purpose of building a Sunday School.

The Westlake Temple Group was organized in March of 1953, under the guidance of Mr. Alfred Halpern, president, when the Jewish families in the Westlake area realized how rapidly the population was growing, and the necessity for a Sunday school became apparent.

The group grew so rapidly and with such enthusiasm, that within a few short months they found the quarters they had rented were not adequate to take care of the tremendous and still growing, enrollment. To every parent the building of a Sunday school for their children became an obsession, and so plans were formulated for the benefit dance in order to raise funds to build a Sunday school.

The Westlake Temple Group boasts of an enrollment of 150 students, which now meet at 95 So. Mayfair in Westlake, under the supervision of Cantor Harold Wachter, Executive Director.

This is a tremendous undertaking and one which will enable the Westlake Temple group to insure the children of adequate facilities to continue their education, which they so ernestly desire.

All organizations and individuals are urged to get behind the sale of of these tickets. For tickets and information, please phone Mr. Edward H. Mann, chairman of the dance, at PLaza 6-0223 or VAlencia 4-0464, or Mr. Anthony Horne, co-chairman at LOmbard 4-8066.

Variety Of Causes In Children's Anger, PTA Told By Doctor

Anger in children can have a variety of basic causes and expressions, according to Dr. Edward S. Liska, child psychiatrist. Dr. Liska addressed a group of about 100 members of the James L. Snell PTA at 8 p.m. on Wednesday, January 13.

The earliest causes of anger in a child's life come from the sudden frustrations he feels at having his undisturbed infant "paradise" encroached upon by rules and regulations of behavior; later, causes multiply in variety and degree. The expressions of anger begin with an undirected physical reaction, sometimes against the child himself as well as at outside sources, and go on to become more verbal and controlled as he gets older. Denial of anger itself is denial of reality; the task of the parent is to divert the child's emotion to a less destructive expression of itself. Furthermore, there is no such thing as a typically "normal" child; normality is what society permits, no more, no less, and can vary with each different type of society.

Other business before the meeting, which was held at the Garden Village school, were the elections of the Life Membership Committee — Mesdames John Hess, chairman, Dick DeBerry, Samuel Johns, Edward Macklin and G. J. Irby—and the Nominating Committee for new officers—Mesdames Ray Logan, Ken Reichard, Vincent Murphy, R. N. Hilton and C. V. Schneider. Mrs. Aaron Zweig, chairman of the Community Service, announced that the March of Dimes Mothers' March would take place on Tuesday, February 2, from 7 to 8 p.m., and asked for volunteers. Mrs. C. E. Lair is co-chairman for this project. Mrs. Vincent Murphy, safety chairman, requested that all bicycles be taken to the police department for registering as an added protection against loss or theft, and stated that the Police Boys' Club would now be meeting at the Garden Village School playground on Saturday mornings, from 10 to 12. Chief of Police Ray Savage asked Mrs. Murphy to pass along his plea to all Broadmoor families to park their cars in their driveways; it is safer for everyone concerned. An innovation has been introduced with the addition of 9 traffic girls, who are: Lorretta Vinson, captain, Barbara Golladay and Alison Benedict, lieutenants, Karen Brehm, Ilana Girard, Janet LePine, Joyce Navarro, Donna George and Rosemary Marshall.

Mrs. James Buchanan, radio and television chairman, had attended the December board meeting of the Bay Area Educational Television Association, and announced that station KQED hopes to be in action by February 22. It is unique in that it is the only television station to be financed by individual memberships.

Another hot dog sale will be held at the Garden Village and Benjamin Franklin schools on Tuesday, January 26. Mrs. James Hirshberg is chairman; anyone wishing to help, or having an electric roaster to lend, please contact her at PL. 5-2943.

Mrs. Raymond Duste, program chairman, extended her thanks to Mesdames W. L. Subke, C. E. Danforth, F. W. Brehm, J. Williams, G. A. Nyburg, J. Hirshberg, R. N. Hilton, R. E. Williams and R. E. Parkison for their help in preparing the program booklets for the year.

At the close of the meeting, refreshments were served by Room Mothers M. Hoffman, G. A. Stewart, E. R. Kubowitz, C. E. Lair and A. L. Newcomb.

Old Glory Post To Plan Active Part In Civic Affairs

Old Glory Post 2044, Veterans of Foreign Wars, will take a more active part in programs and actities to improve the city of Daly City, it was revealed by Commander Charles R. Ireton of the local post.

In the future the V.F.W. will strive to render a more extensive service to the community as a whole, in such projects that the post believes will make Daly City a better place to live and rear our families. In the past, our principal objectives were to look after our own disabled comrades, and their families who were in need.

The VFW theme on a state and national level during recent years has been to undertake many civic endeavors, in addition to the veteran rehabilitation and welfare program, legislation and similar objectives for deserving and needy veterans and their dependents.

The VFW Post here is one of the 10,000 in the nation to observe National VFW Week from January 24-30. Commander Ireton said his group is currently seeking a substantial increase in membership from eligible veterans, in order to give the organization greater strength on all levels.

Current community projects of the local Post include sponsorship of Cub Pack No. 63, a group of 29 boys, ranging in age from 8 to 11, under the leadership of William Bradshaw, 141 E. Vista, and together with Tanforan Post No. 2517 sponsoring a March of Dimes Dance, to be held on Saturday evening, January 30, at the War Memorial Community Center, Mission and Alp streets, Daly City.

Topics for the night will be pruning and re-potting fuchsia bushes and baskets, compost and how to make it, and the use of dried material in arrangements.

A prize will be given and a plant table will be on hand.

Members have been invited to bring a guest who is interested in fuchsias. Renewal of membership for 1954 will take place at this meeting.

Among the aims of the society are the gathering and dissemination of fuchsia culture to beautify gardens. Many other companion plants are brought into the group's lectures and demonstrations, as time permits.

Presently in the early months, the subjects of pruning and re-potting are most essential, the club says. Each month thereafter is planned to the requirements of plant culture as growth develops. Other vital subjects during the year include soil conditions, potting materials, spraying, training and fertilizing.

YOUR NEIGHBORS AND MINE

By Betty Brush

Hello Neighbors:

Well, the big storm is over for the moment and all the clotheslines have blossomed out with clothes which we all hope get dry. The front doors opened and all the youngsters took to the outside. They never can quite understand why it has to rain on a Saturday. As is usual there has been much doing in the old town so let's get on with the news.

There are belated congratulations to the HOLMBERG family. On Dec. 26th they became the pround parents of a son. The young man really has a good start in the world as he checked in at 10 lbs.

MR. FRANK KORHUMMEL, son of the Frank Korhummels who formerly resided on Shakespeare street, has joined the ranks of the "Mr. and Mrs." Frank was married in Mt. View last week where they now reside. Congratulations and best wishes for future happiness is wished the new Mr. and Mrs. Korhummel.

Entertained at a surprise dinner last week was MRS. MAY BAKER of Vista Grande avenue. Hostess at this surprise, and what really made it nice was the fact that there was no particular reason, was MRS. SYLVIA VOBRIL. Seems she and May have been friends for a long time and May, in her usual quiet way, has been a good friend. Sylvia just casually called May up and asked her over. Was May surprised and of course most pleased.

Items of Interest

More neighbors have left us. MR. and MRS. FRANK GUILIANI and sons have left their home of many years on Niantic avenue. Their new home is in Sunshine Gardens in South San Francisco. They are now all settled and will be most happy to welcome any of their old friends.

Weather, no matter what kind, seems to deter some folks. MR. and MRS. ART ALVISO of Crocker packed up a lunch, the grandchildren, and off they took last Sunday just to see if it was any nicer in San Jose than it was at home. They found that it was colder there but the hospitality and fun of seeing relatives made the trip well worthwhile.

MR. and MRS. FRANK BLACKSTONE of Mission street were among those fortunate people who were able to meet all the Hollywood celebrities. They journeyed to Monterey last Sunday where they attended the golf tournament sponsored by Bing Crosby. It was really exciting seeing Bing and Bob Hope and all the rest.

The SAN MATEO COUNCIL T.B. ASSN. went over their quota for this time of year. EVE HOBBS & CO. finally finished up last Monday and then they attended a luncheon at Blum's After the luncheon they all went to see the new TB hospital at the Canyon Sanitarium in Redwood City. It is a really most beautiful place and the building and equipment was made possible by the purchase of the TB stamps that the ladies have been mailing out to all the neighbors for so many years. There has been much good come to compensate the ladies for their work which they donated. The main one is the early finding and correction of any prospective TB patient by the free X-rays that are given.

The FRIENDLY TWELVE held their regular monthly meeting at the home of MRS. BERNICE McELWEE on Wednesday of last week. They laid out plans for the coming year which for this bunch of gals consists of mostly fun. They also initiated a new member—MRS. JULIA BYRNNE. They forgot to tell me whether they are still the Friendly twelve or is it now the Friendly Thirteen.

MRS. ANN INGERSOLL was hostess at the luncheon and meeting held last week for the Life Membership Committee of the Crocker PTA. The membership was decided upon and will be presented at the Founder's Day meeting which is to be held in February. These Life Memberships are quite an honor so some lady will be made most happy when this event takes place.

JEFFERSON UNION HIGH SCHOOL Board held their annual dinner in the school cafeteria the other evening. The dinner was well attended by all the board, important people and just plain members. It is always nice to attend these functions as that way one may be kept well informed as to the policies of the times.

Servicemen

As is usual there were many of the boys heard from this week. SGT. DALE PAISLEY of the U. S. Air Forces was operated on at Parks Air Force Base Hospital last week. At last reports he is doing very nicely although most uncomfortable. His wife is with him and has sent their oldest child back home to Oregon and keeping the baby with her so as to be with him until he is better. Get well soon, Dale, all the neighbors are pulling for you.

Another of the boys has left us. GEORGE SCHREIBER, son of MR. and MRS. DEAN SCHREIBER of Knowles avenue, left last week for duty with the U. S. Marines. George is following in the footsteps of many another Daly City boy and all the best is wished him from all the neighbors.

PFC. ALBERT D'ISEP was home for part of the holidays. As with all furloughs, his ended after many happy days spent with family and friends. Albert has now returned to his base at Fort Lawton, Washington. He has been studying radar and is on his way to becoming a radar technician for Uncle Sam's Army.

Tiny Johnstone Island that made the headlines last week when a big transport made an emergency landing, was heard from last week too. A/3c EDWIN "MAC" McDONNELL, who is stationed there with the U. S. Air Forces, said that it was the only excitement that he has seen since he got there. All he has to do is eat, sleep and work and get fat. According to him there may be more lonely spots that this one but if so he doesn't want to see them.

A/3c ANDY ANDERSON of Thule Air Force Base, Greenland, wrote a nice long but very lonely letter, too, last week. It is still night time up there and the nights are twenty-four hours long. You don't get to sleep all the time either. At this base it is a continuous vigil as Andy is with an Air Rescue Squadron as a radio operator and they are on the alert at all times. The tour of duty at this base is one year and Andy will sure be glad to see the end of that year.

The boys are still leaving and one of the nicest ones that I know has just joined up with the U. S. Army. JAMES JOSEPH JASTRUMSKE, son of MRS. ADA JASTRUMSKE of Los Olivos avenue, will be leaving us for Fort Ord and that well known treatment known as basic training. Take it easy, Jim, you may think that you will never make it but somehow one always does. Good luck and best wishes to a fine young man on his future career is wished by all the neighbors.

Just a reminder folks—there are many of these boys whom are known by all or many of the neighbors. From the letters of most of them the life is a lonely one and a card or letter now and then really helps immensely. Believe it or not mail call is the most popular call in the services—if one gets a letter.

News and Views

A happy birthday from all the neighbors is wished this week to MRS. JULIA BYRNNE who celebrated the day on Jan. 4th. As is usual with most families, one and all gathered plus many friends to wish Julia all the best. The same goes for us too, Julia.

MR. and MRS. WILFORD MILLER of Belmont avenue, Westlake, had a big day for themselves last week. They celebrated their 12th wedding anniversary with the help of their family and a host of friends. As is usual at any affair by this bunch a very good time was had by all. All happiness in the future is wished the Millers from all the folks.

MRS. GRACE HILL is now a very lonesome person. Over the holidays Grace had a house filled to the rafters with her family. Now all her folks have left and Grandma Grace sure misses them all especially the little ones. According to her a house really is empty without the children. That's all right, Grace, they'll be back again soon.

The big event in town tonight is the Jefferson High junior prom. This affair is a sell out and all the young ladies are in a tizzy as to just what kind of formal or what color it will be. The mothers of course are hoping that daughter keeps within reason and the fathers are just hoping the prices will be within his budget. The fellows main worry is what kind of corsage and how to talk Dad out of the family car that he knows he won't get anyway. Have fun kids.

The whist to be held by the HILLCREST CIRCLE No. 143, U.A.O.D., at the Masonic Hall next Monday night will be in the capable hands of MRS. LEOLLA BEDELL and MRS. BARBARA VAN BUSWICK. The date is Jan. 25th—the time is 8:30 and a good time as usual is promised all those who want to come out and play cards with their neighbors.

MRS. LILLIAN FELTCH, AGNES PRESCOTT, MARTHA WEGNER, MARY CRANE were among those who attended the dinner held at the Montclair Hotel last week. This affair was given by the Past Arch Druidess Assn. and the evening was very much enjoyed by the ladies.

Well, neighbors, another week's news has been compiled, edited and printed for one and all of you. There was certainly something of just about all kinds of doings for you to read about. Remember the phone is PL. 5-6482 and anything of interest to you is of interest to the neighbors. I'll be waiting to hear from you so don't forget to call. Until next week then, BYE NOW.

The Outdoors

Ocean Mainstays

TERMINAL ISLAND — Rockfish, kelp bass, and jack mackerel were the mainstays for the 18,000 ocean anglers who went out on public party boats during October, according to skippers' catch reports, compiled by the California Department of Fish and Game.

The seagoing sportsfishermen landed 57,600 rockfish, 22,500 kelp bass and 11,000 jack mackerel, out of a total catch of 114,600 fish. In northern California, 4,300 San Francisco party boat anglers took 6,200 salmon.

Commercial Fishing

TERMINAL ISLAND—California's commercial fishing fleet delivered 10,250 tons of tuna and 2,100 tons of mackerel to the canneries during October, according to figures compiled by the marine fisheries branch of the California Department of Fish and Game.

Tuna deliveries were about one-third less than the September figure of 15,000 tons. Albacore took its normal seasonal drop, with only 1,000 tons delivered, compared to 5,000 tons during September.

Pacific mackerel outdistanced jack mackerel deliveries for the first time since the start of the season, with 1,200 tons tallied. Jack macherel landings totaled 920 tons. Much of the Pacific mackerel catch, however, was made up of half-pound baby fish. Full-grown mackerel usually weigh at least one and-a-half to two pounds.

Anchovy deliveries totaled 1,650 tons, against 3,200 for September.

Doe Costs Dough

RODEO, Contra Costa County—Taking a doe in a closed season cost two Martinez men $500 each recently in the court of Judge Donald F. Creedon of Rodeo.

Albert Serpa and Nicolau Santos Bento, both of Rt. 2, Box 318, Martinez, were unable to explain the presence of a gun-shot doe in the trunk of their car.

A rifle, a 12-gauge shotgun, and a plug-in spotlight were confiscated by the court.

The arrest was made by wardens of the California Department of Fish and Game, with the help of Special Officer Arthur Friend of San Pablo.

Under-Size Lobster

SAN CLEMENTE, Orange County—The sight of 50 lobsters crawling around under the hood of his pickup truck was unsettling for Commercial Fisherman Harold E. Mitchell of San Clemente. But not for the usual reason.

The lobsters were under the legal size limit, and two wardens of the California Department of Fish and Game were looking over Mitchell's shoulder.

Mitchell, who had been arrested four days earlier with 160 undersized lobsters in his possession, was sentenced to 150 days in jail by Judge C. C. Cravath of Laguna. The lobsters were put back in the sea.

Predator Kill

SACRAMENTO — Trappers of the California Department of Fish and Game accounted for 410 predatory animals during October. The bag included 63 coyotes, 35 bobcats, and 5 mountain lions. Nine mountain lions were bountied by private hunters.

The trappers spent a total of 336 days in the field, to average slightly better than 1.2 animals for each day's work.

Almost half the coyotes—29—were trapped in Lassen, Shasta, and Siskiyou counties. Sixteen were caught in Inyo county. Ventura and San Benito each accounted for eight bobcats.

Wildlife Program

SACRAMENTO — Means by which California's wildlife populations will be made to fit in with the needs of its expanding human population have been outlined by the Fish and Game Commission with adoption of a new policy for game depredation control.

The comprehensive outline became necessary when complaints of garden, timber, range and crop damage by various wildlife species began to pile up.

"All game species shall be protected wherever practical and possible," the new policy asserts. "In all cases involving damage to crops, range forage or other property, long range conservation principles shall guide the action of personnel of the Department of Fish and Game."

The policy was prepared by the Department's game management branch in cooperation with sportsmen and affected economic groups. It was adopted unanimously by the five-man commission.

"It is realized that the interests of long-range conservation will best be served by fitting game species into the economic and agricultural pattern of the state with as little conflict as possible," the policy continues. "This may in some instances call for removal of offending birds or mammals.

"Game depredation problems of a strictly local nature shall be alleviated as rapidly as possible by local field men. This may involve the issuance of killing permits, the use of frightening devices, herding, trapping, or in special cases the use of sprays, repellents or fences."

Area-wide game depredation problems will be handled by regional supervisors or the Department's deputy director. The policy recommends that area-wide deer damage be relieved by special seasons where possible so that a sport value may be derived from the animals harvested.

Under sub-headings, the policy details damage complaint procedures for deer, elk, bears and beavers, migratory birds, rabbits, and non-game birds and mammals.

Old Pacific House in Monterey was built in 1847 by James McKinley, a Scottish sailor who came to California in 1824.

Ordinance No. 377

AN ORDINANCE REGULATING THE BUSINESS OF DEALING IN USED AUTOMOBILES

The City Council of the City of Daly City does ordain as follows:

Section 1: A "used automobile dealer" is defined to be any person, firm or corporation engaged in the business of buying, selling, accepting on consignment, or otherwise become possessed of used automobiles only, provided that the provisions of this ordinance shall not apply to any insurance company or other person who may come into possession of such used motor vehicle in the regular course of business and who shall sell such vehicles under his contractual right to save or protect himself from or against financial loss. The term "automobile" shall be used throughout this Ordinance to designate it a motor vehicle as defined by the Vehicle Code of the State of California.

Section 2: PERMIT REQUIRED:

No person shall engage in, conduct, manage, operate or carry on the business of a used automobile dealer unless a permit so to do at the place or location shall have first been granted by the City Council of the City of Daly City.

Section 3: APPLICATION:

To obtain the permit hereunder required, the applicant shall file a written application therefor with the City Clerk of the City of Daly City and which shall set forth the following: the name, age and address of the applicant, or in the case of partners, the names, ages and residences of every person involved, or if a corporation its name, date and place of incorporation, address of its principal place of business and names and addresses of all its officers. The application must show whether an application for a similar permit has been refused, cancelled, rescinded, revoked or suspended by any city, county or political subdivision of the State of California and the address at which the proposed business is to be conducted. Accompanying the application shall be a full set of plans and specifications showing ground site, lot drainage, area dedicated to the sale of used automobiles, buildings and such signs, with their elevations as are proposed to be constructed.

Section 4: APPLICATION FEES:

The application shall be accompanied by a fee of $100.00 which shall be in addition to any permit or license fees otherwise required to be paid. If the application is denied or withdrawn by the applicant $75.00 shall be refunded, the balance to be retained by the City for processing the application. All fees shall be paid to the City Tax Collector.

Section 5: NOTICE AND INVESTIGATION:

Upon receipt of the application and of the application fee the City Clerk shall present the application to the City Administrator, who shall submit a report to the Council for confirmation.

Section 6: BOND:

Every applicant at the time of making his application, and every person, firm or corporation who hereafter engages in the business of dealing in used automobiles, within thirty days, shall file and maintain a good and sufficient bond in the sum of Four Thousand Dollars ($4,000.00) which shall run to the City of Daly City, to any person, firm or corporation who shall sustain an injury or damages covered by said bond. Such bond shall be executed by the person, firm or corporation operating or proposing to operate as a used automobile dealer and by a surety company in the sum of Four Thousand Dollars ($4,000.00). The bond shall be conditioned that the principal will indemnify any and all persons for any loss suffered by substitution of a motor vehicle other than the one selected by the purchaser, or by his failure to deliver clear title to those legally entitled thereto, or by any misappropriation of moneys or property belonging to the purchaser, or any loss due to the alteration of a motor vehicle to deceive the purchaser as to the year model of any vehicle sold, or any loss due to principal's failure to meet the conditions of any guarantee given and shall be further conditioned that the obligor will conform to and abide by the provisions of this ordinance. Said bond shall not be void upon the first recovery by any person but may be recovered on from time to time by any person until the whole penalty is exhausted. Said bond shall remain in full force and effect until the license of the principal is revoked or until the bond is cancelled by the surety. The surety may cancel such bond by giving fifteen (15) days' notice in writing to the City Clerk of the City of Daly City. Any bond filed hereunder shall be approved by the City Attorney of the City of Daly City and shall be a prerequisite to the carrying on or continuing of said business.

Section 7: STATE LICENSE AND REVOCATION OF PERMIT:

Every used automobile dealer must have, in addition to the permit required by this Ordinance, a state license. Any revocation of such license shall be a cause of revocation of permit issued under this ordinance. There must be displayed on the premises operated by any such applicant at all times and in plain view, the name of the person to whom the permit has been issued and the number.

Section 8: DISCONTIUANCE OF BUSINESS:

Any person now or hereafter holding a permit as a used automobile dealer who discontinued business for a period exceeding ninety (90) days, thereby relinquishes all right or interest in said permit and the same is automatically revoked without the action of the Chief of Police.

Section 9: PERMIT TRANSFER:

No permit or renewal thereof issued hereunder shall be transferable, provided that the bona fide transfer of and interest in the business shall not be considered a transfer of the permit if the original permittee retains a majority interest in said business. The original permittee, in the event of a contemplated transfer of interest shall, fifteen (15) days in advance, report the same to the City Council in writing, who shall cause an investigation to be made and a hearing to be held as in the first instance. On the same terms and conditions the City Council may issue or refuse to issue said permit. The application for such permit shall be subject to a fee of $10.00 to be paid at the time of the filing of the application.

Section 10: RENEWAL—CHANGE OF LOCATION:

Every permit under the provisions of this ordinance shall be renewable from year to year. Application therefor shall be made within thirty (30) days from the date of the expiration and if not so made, such permit shall be subject to revocation. The same information shall be supplied as in the case of an original application except that finger-printing, identification shall not be required. A fee of five ($5.00) Dollars, plus payment of the business license tax, shall be paid prior to the granting of the application.

Section 11: REVOCATION:

Any permit granted hereunder may be revoked by the City Council when it shall appear that the business is conducted in a disorderly or improper manner, or in violation of law, or an ordinance of the City of Daly City, or that the person conducting the same has become an unfit character or that such person has failed to pay or satisfy within thirty (30) day after the same shall have become final, any judgment entered against him in any court, arising out of any claim, demand, or action for misrepresentation, fraud, or deceit committed in connection with the sale of any motor vehicle.

Section 12: HEARING ON REVOCATION:

No permit granted hereunder may be suspended or revoked, except upon a public hearing, had by the City Council. Written notice of such hearing shall be served upon the permittee at least five (5) days prior to such time. Service may be upon the manager or other persons in charge of or persons at the place of business, or by United States Mail, postage prepaid, to the address referred to in the application.

Section 13: EXPANSION OF LOCATION:

A location may be expanded or enlarged to include contiguous property, provided a written permit has been granted by the City Council so to do.

Section 14: CERTAIN ADVERTISEMENTS AND SALE PROHIBITED:

It shall be unlawful for any used automobile dealer to advertise for sale in any newspaper, or through any other medium, any automobile not actually for sale at the premises of said dealer at the time and no such advertisement may be continued after an automobile has been sold or withdrawn from sale. It shall be unlawful for any used automobile dealer to sell any used automobile or motor vehicle from any place other than that licensed hereunder. It shall be unlawful for any dealer in used automobiles to erect or maintain any sign, billboard or other structure for the purpose of advertising, except upon compliance with the City of Daly City ordinances governing the situation to include the name of firm.

Section 15: SURFACE:

Except as herein otherwise permitted, the surface of the entire area of every used car lot shall be paved with rock and gravel rolled and bound with an oil mixture to form a firm surface, or with an asphaltum pavement with sufficient base and of sufficient thickness to be suitable for use in moving vehicles about over it without indentation. Any pavement of higher character will be acceptable. Notwithstanding said requirements, any portion of any used car lot may be devoted to a properly irrigated and maintained garden with shrubs, lawn, or other treatment for beautification thereof. The surface of every used car lot and sidewalk area in front thereof shall be at all times kept clean and free from weeds. Any used automobile dealer holding a permit to do business in the City of Daly City on the effective date of this ordinance must comply with the provisions hereof by June 30, 1954.

Section 16: BUILDINGS:

Every used car lot shall have on it, unless it immediately adjoins a building owned or leased by applicant and used by him for the transaction of said used car business, an office building of appropriate size, built in conformity with the building requirements of the zone or district in which such used car lot is located, which building shall provide adequate toilet facilities and shall at all times be kept and maintained in a neat, sanitary and clean condition as to the exterior and interior thereof. Purchases, sales, and other transactions of the operator of such used car lot shall be transacted within said building as far as possible. Any used automobile dealer holding a permit to do business in the City of Daly City on the effective date of this ordinance must comply with the provisions of this section regarding any office building on his or its used car lot by June 30, 1954.

Section 17: RECORDS TO BE KEPT:

Every used automobile dealer must comply with all state regulations pertaining to the installation of used car lots, and records kept thereof.

Section 18: PRINCIPALS RESPONSIBLE:

Every person, firm or corporation operating under the provisions of this ordinance shall be held strictly responsible for the conduct and representations of all employees in all transactions regarding used automobiles or other motor vehicles; nor shall such dealer permit any person to sell, purchase or exchange, or to offer to sell, purchase, or exchange any used automobile or other motor vehicle in or upon the premises or locations specified in his permit unless such person also has a permit as provided herein, or is an employee of a person having such permit. Any violation of this section shall subject such dealer to suspension or revocation of his permit by the City Council.

Section 19: GASOLINE SUPPLY:

No person, firm or corporation operating under the provisions of this ordinance shall store, keep or park automobile or motor vehicles upon the premises licensed within twenty-five (25) feet of gasoline supply stations or dispensing units except while being serviced with gasoline, oil, air and water and battery testing.

Section 20: PERMITS UNDER OTHER ORDINANCES:

Any person having used automobile dealer's permit on the effective date hereof need not file an application under the provisions of this ordinance nor pay the original application fee herein mentioned. Existing permits shall continue in full force and effect until June 30, 1954, the same as if issued under the provisions of this code. Upon their expiration, they may be renewed as provided in Section 10 of this Ordinance. Persons holding such permits must thereafter comply with all the provisions of this Ordinance, except as provided in Section 15 and 16 hereof.

Section 21: CONSTITUTIONALITY:

If any section, subsection, sentence, clause or phrase of this Ordinance for any reason is held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this Ordinance. The City Council hereby declares that it would have passed this Ordinance and each section, subsection, sentence, clause and phrase thereof, irrespective of the fact that one or more sections, subsections, sentences, clauses or phrases be declared unconstitutional.

Section 22: REPEALING PROVISION:

All ordinances or parts of ordinances in conflict herewith are hereby repealed.

Section 23:

The City Clerk shall cause this Ordinance to be published once in The Record, a newspaper of general circulation printed, established and circulated in the City of Daly City, and hereby designated for the purpose, and shall be in effect thirty (30) days after its passage.

Introduced this 14th day of December, 1953.

Passed and adopted as an ordinance of the City of Daly City, California, at a regular meeting of the City Council of Daly City held the 11th day of January, 1954, by the following vote, to-wit:

AYES, Councilmen: Dennis, Kennedy, Verducci, Green.

SM Italo-American Clubs To Honor Judge DeMatteis

Nineteen San Mateo county Italo-American organizations have formed a San Mateo county Citizens committee, with the express purpose of honoring Judge Louis B. DeMatteis, recently appointed to his post of Superior Judge by ex-Governor Earl Warren, now Chief Justice of the United States Supreme Court.

A banquet at Bay Meadows Club house, at which numerous county and state personalities are expected to participate, will highlight the occasion. Chairman Victor Canavese, of Redwood City, announced that the banquet will be held on Saturday, February 27. Plans under way point to this as one of the outstanding events of the season.

The following local organizations are participating: Liggia Guglielmo Marconi, Sons of Italy, Daly City; Daly City Italian-American Citizens Club; I.C.F. Branch No. 19, Colma.

NOTICE INVITING SEALED PROPOSALS

Pursuant to Resolution No. 54-7-1A adopted by the Board of Trustees of the Jefferson Elementary School District on the 7th day of January, 1954, approving plans and specifications and directing this notice to be made, said Board hereby invites sealed proposals or bids for the grading and paving of Orange Street from Market Street to Chester Street, Daly City, California.

All of said work is to be done at the places and in the particular locations, of the forms, sizes and dimensions and of the materials, and to the lines and grades, and at the elevations as shown and delineated upon the plans and specifications made therefor and on file in the office of the Superintendent of the Jefferson Elementary School District and to which reference is hereby expressly made for more particular description of the work to be done and for further particulars.

Payments will be made in cash by said Board to the Contractor on itemized estimates duly certified and approved by Edwin H. Smith, Civil Engineer, and said Board, based on labor and materials incoporated into said work during the preceding month by the Contractor, but said Board shall retain ten per cent (10%) of the amount of each such estimate, and the accumulation of said amounts so retained from said progressive payments will be paid to said contractor thirty-five (35) days after the completion and acceptance of said work by said Engineer and said Board.

Notice is hereby given that this Council incorporated into said Resolution No. 54-7-1A the determination of the general prevailing rate of per diem rate to be paid to the various craftsmen and laborers required to construct said improvements, a copy of which wage scale is contained in and made a part of the specifications for said work, to which reference is hereby made for a full and detailed specification thereof.

All proposals or bids shall be accompanied by a certified check payable to the Jefferson Elementary School District, amounting to ten per cent (10%) of the bid, or by bond in said amount and payable to said District, signed by the bidder and two sureties who shall testify before any officer competent to administer an oath in double said amount and over and above all statutory exemptions. Said check shall be forfeited or said bond shall become payable to said Board in case the bidder depositing the same does not, within the fifteen days after written notice that the contract has been awarded to him, enter into a contract with the Board, the faithful performance of which shall be secured by an undertaking in the amount of fifty per cent (50%) of the amount so bid, with surety satisfactory to said Board, and which shall be accompanied by a labor and material bond in a sum equal to fifty per cent (50%) of the amount of said bid, under the provisions of Title One, Division Five, Chapter Three, of the Government Code.

Copies of plans and specifications and bid sheets may be obtained from the office of the Superintendent of the Jefferson Elementary School District, 344 Santa Barbara Avenue, Daly City, California.

A deposit of ten dollars ($10.00) per set of plans and specifications is required as a guarantee that they will be returned in good condition not later than forty-eight hours after bids have been publicly opened.

Said sealed proposals shall be delivered to the Superintendent of said District on or before 8:00 o'clock P.M., Thursday, the 28th day of January, 1954, in the Superintendent's office, 344 Santa Barbara Avenue, Daly City, California, said time being at least ten days from the time of the first publication of this notice. Bids will be publicly opened, examined and declared on said day and hour.

Dated: January 7, 1954.

Indian Varsity, Lights Take Over Command In League

DUAL LEAGUE VICTORIES TAKEN OVER HALF MOON BAY, CARLMONT

Hardly even working up a sweat, Jeff's championship-bound varsity cagers scored with practically effortless ease Tuesday to hand an under-sized, inexperienced Carlmont squad a 72-32 licking.

The local lightweights also kept their league record intact by pounding out a 35-24 win. Tuesday's pair of victories gives both the Jefferson squads a 3-0 PAL record and places them on top of their respective leagues.

Delbon Opens Up

The varsity's professional efforts were aided by the 20-point scoring effort of Forward Don Delbon, who now has a 70-point total in three league games, putting him far and away in the front for individual scoring.

As early as the first quarter, Coach Mike Orlich obviously had another scalp for the Indians camp.

It was 26 to 7 at the first period's end, so Orlich cleaned the bench. The reserves played almost three quarters of the game, but it might as well have been the regulars in there as far as the score was concerned.

At half-time the Indian subs had built the lead to 48 to 12.

Control Boards

With Forward Ray Rosa, Guard Tom Costello and Center John Madden controlling the backboards the rout continued in the second half. The young Carlmont team, playing its first year in league competition, had no defense for the polished Indian machine and didn't stand a chance on backboard work, lacking heighth.

The Jeff lights, facing a team that had beaten a fairly good Burlingame outfit earlier this season, had a close one on their hands but were never headed.

The little Indians were ahead, 5 to 3, at the first quarter's wind-up. They stretched the margin to 15 to 7 at half-time.

Slight Scare

The Carlmont team moved in close in the third period, trailing only 21 to 18 at the end of that period, but the Jeffs put on the pressure in the final canto to rack up enough points for a safe lead.

Forward Bill Storch led the Indians scoring with 13 markers, while Forward Al Lagomarsino hit for 10.

The local 30s might have won by a more substantial margin had Center Ken Duncan been in shipshape. Duncan just returned to school after a virus illness, and Coach Tony Giammona used him only briefly during the game.

Another Double

In last Friday's league outings the Jeffs came home with another double victory.

Orlich's varsity crew lambasted Half Moon Bay, 62 to 42, while their younger brothers were taking a 39-30 win from the coastsiders.

Varsity reserves saw a lot of action in the final quarter, but up until that time the Half Moon Bay gang, though out-manned, performed capably.

31 For Delbon

Delbon went wild in this contest, sinking 31 points in the three quarters he saw action. The unerring forward hit every kind of shot in the book, with able feeding assistance from his teammates. Wally Honeywell added 13 for the locals.

Second string center Wesley Yates looked improved on his backboard work, tipping in a couple of two-pointers.

Half Moon Bay surprised the Jeffs in the first quarter, taking command at 13 to 12.

The locals power showed in the second stanza, as they blasted out in front to lead, 32 to 18, at half-time, with Delbon accounting for most of the points.

As the third period gun fired, the Indians were in coasting distance, with a 47-29 lead.

Curtis A Sleeper

The 30s win was paced by Lagomarsino, who tallied 12 points. Close behind and astonishing Coach Giammona was Guard Bill Curtis, who opened up some potshots for the first time this season to hit five field goals for 10 points. Giammona said this was the first game Curtis had ever done any amount of shooting. Three of his accurate shots were in succession.

The first quarter wound up with a 4-4 stalemate. The Daly City lights took over, 12 to 10 at half-time, and widened the lead a little to 25 to 21 at the end of the third quarter.

At this season the task of keeping the car clean is more difficult, points out the National Automobile Club. The extra effort, however, is worth the time or the cost. If the motorist is indifferent, renovation of the finish may become necessary.

BIG TURNOUT FOR OLPH SUDS BASEBALL TEAM

An enthusiastic throng of 66 youthful baseball aspirants turned out Saturday at OLPH church for sign-ups on the OLPH Suds nine, which will compete in the San Francisco division of the Catholic Youth Organization league.

Manager Walt Gillies said due to bad weather no work-outs were held, with a movie on baseball fundementals being shown instead.

Many of the youngsters who showed up were in the lower-age group, 10 years old and younger, Gillies said.

These boys will work with Lowell Creighton, manger of the Sarto Midgets, at the local high school.

Gillies said youths in the 13 and 14 year - old group are still needed for the team.

Those interested should report to Marchbanks park Saturday at 1 p.m., when practice will be held.

First game has not been scheduled as yet, Gillies said.

SMJC Hosts Quint From Stockton At County Gym Friday

San Mateo Junior College will host the speedy basketball quintet from Stockton College this Friday evening in the Baldwin campus gym. San Mateo, with a tall freshman team, will be up against one of the fastest squads in the Big Seven conference.

Basketball is drawing crowds this year at the junior college as the gym has been packed for every game.

The junior college has announced that proceeds of its home game with City College of San Francisco will go to the March of Dimes, which could mean that San Mateo would turn in more than $300 to the fund.

News From The Parks

Marchbanks Park

Attendance at Marchbanks has zoomed during the month of December. The beautiful weather brought back the summertime games and spirit. The kids dug out their bats and balls and swung into their old favorite game of baseball. Andy Ruelas and Bob Lara were two of the best organizers. Basketball skillfully hooked and looped by Bob Grugg, Anthony and Joe Stagnaro, were seen flying through the air, the ever popular tetherball kept a host of kids busy. There are quite a few experts now. Each has his own style to win the game. Maria and Eina Delta, Pat Kennedy, Johnny Miller, Tom Joyce, and Turpy Rasmussen are a few of the champions.

During the vacation days Marchbanks became a little Monte Carlo. The kids tried their skill as card players. A few had the golden touch. It's a good thing they aren't old enough or they might have broke the bank at Monte Carlo. A consequence game of Spoons was also popular. When someone lost the middle level resounded with the shouts of laughter and the losers "I've been cheated." Vickey Henessy, was on the end of these cries while on the laughter side Mike Chrystal, Don Cubic, Catherine Rasmussen, and others.

Another novelty game, fun as well as educational, came into popularity. A combination of rhythms and mental quickness. The subject ranged from names of mountains, rivers to animals, birds. Joan Malloy, Billy Kane, Michael Kordoules, Jimmy Henessy, and Sharon Guzlas enjoyed testing their mental abilities.

Craft made it possible for the kids short on Christmas Funds to make some of their gifts, spattered painted cards, pot holder stands, and paper mache bowls were formed by eager hands. On December 23 a party was given for Craft pupils. Ice cream, cookies, candy and popcorn were eaten and enjoyed by Dick McFall, Art Rasmussen, Sandra and Calvin Nelson, Joe and Virginia Pugliese.

Something new has been added at Marchbanks. The kids welcome with open arms a water fountain on the Middle level. This will save many steps for the small tykes. The kids are grateful to the Recreation Department for this.

Lincoln Playground

This past month found Lincoln Playground very active. The good weather and school vacation were undoubtedly the chief factors in getting the kids out of doors.

The soft turf on our upper field seems to favor the playing of football. We have about 2 or 3 games per week with approximately 10 playing per game. As we don't have a football, the kids have been bringing their own ball.

Basketball is another organized game that is growing here. All types of games are being played, from "hunch" to 5 man games. Basketball seems to be the most popular organized game at the present time and some form of the sport is being played constantly.

Volleyball, although not as popular as basketball, is being played occasionally as an organized game. More often the volleball is being used by the younger kids as a "hit" ball; which is played on the same lines as kickball, but the ball is hit with the hands.

Kickball is being played constantly by the 7-10 year olds with as many as 10 on a side.

The largest unorganized game, as usual, is Tetherball. Tetherball is played continously from the time I arrive at the park until the time I leave.

* * *

Edgewood

The special event of December was Edgewood's tetherball tournament. Ten children entered this contest. They are as follows: Douglas King, Al Griffin, Daniel Whitney, George Ojakian, Butch Davies, Jimmy Caruso, Jerry Morgan, Fran Vlahovich, Joan Malloy and Linda Bridges. Doug King, after winning four games, ranked as champion. He and Joan Malloy, the victor of the girls, received prizes. Tetherball has become quite popular: many boys and girls received thetherballs as Christmas gifts.

Jump rope is an ever popular activity. Deidre Glick, Janet Pope and Christine Enberg seldom are seen minus a rope or the energy necessary to jump.

Micky and Sharon Sussman and Frances Richardson are becoming expert checker players. It is difficult for beginners to outwit these youngsters.

* * *

Concordia

Tetherball—15-20 boys and girls 2 hours every day—ages 7 to 12.

Dodgeball—15-20 boys and girls 1 hour, four times a week—ages 7-11.

Touch football—6-14 boys, ages 8-14, 1 hour every day.

Keep away—5-10 boys, ages 6 to 8, about 1 hour every day.

Kickball—6-12 boys and girls, ages 6-10, a half hour, 3 times a week.

Tetherball seems to be our most popular game at Concordia. We usually have from 3 to 10 children waiting in line for a crack at the ball.

We have been playing a lot of dodgeball lately. Middle-aged children seem to enjoy it the most.

Touch football has been losing its popularity lately. This is probably due to the wet condition of the field.

Westlake Park

Among those seen quite frequently at the park and showing considerable talent in basketball are Ross Bolgren, Vance Bianchi, and Dave Hertzog with his terrific hook shots.

Some of the young women of Westlake, who attend Jefferson Union high school, are quite eager to re-open a previously powerful softball team. They are: Joyce Averell, Judy Mollison, Diana Richter, Sandy Burchfield, Susan Anderson and Bradna Ramos.

Special praise should be given to George Cosmos, Westlake's school safety patrol lieutenant, who sets an example not only during his regular school day, but also in the hours following. George usually will be found practicing diligently at basketball or football, and is equally eager to help those with any difficulties in either sport. His manners and attitude are exceptional, and it is easy to see why he merits the responsibility of school safety patrol lieutenant. Good luck, George, and keep up the fine work.

At the present both the director, John Belforte, and the boys and girls at the Westlake playground are in the process of getting acquainted. Names, hobbies, and games most preferred are all subjects which they have been eagerly trying to establish for the benefit of all.

The playground is open each afternoon from 3 to 5 o'clock on Monday through Friday.

Until recently, the activities at the playground have been mostly left to the discretion of the boys and girls. There has been basketball and football for boys, tetherball for boys and girls, and four square for the younger set. However, plans are now being prepared for contests to be held in all events. Also, there will be supervised baseball teams and other special events and activities.

Announce Dates For '54 County Fiesta

Official dates for the 1954 Fiesta were announced today by Anthony J. Gaggero, president of the San Mateo County Fair Association. "The San Mateo County Board of Supervisors has set August 6 through August 14 for the 20th Annual San Mateo County Fair and Floral Fiesta Week, Gaggero said.

Plans for a gala show are already underway, according to William M. Wilson, Fiesta manager. Many requests for commercial space have already been received from business firms who exhibited at the 1953 event.

Use of the county fairgrounds between Fiestas is increasing. Many events are scheduled for various buildings on the Fiesta site for the first months of 1954.

VACAVILLE

Vacaville, located in Solano county, is reported by the National Automobile Club to be the trade center of the fertile Vaca Valley, which abounds in cherries, prunes, and vegetables.

Famous Feud Today At Jefferson Court

With no league contests until Tuesday afternoon, when Jeff varsity and lightweight teams will vie with Burlingame on the Panther pavilion at 3:15 o'clock, the varsity will take what is expected to amount to a breather today (Friday) when they face an "old men's" aggregation of faculty players.

The faculty side will "floor" a first team consisting of "Smilin" Byron Van Alstine and Glen "End Over End" South at forwards, Mike "Mohair" Orlich at center, Tony "Geronimo" Giammona and Joe "Sheriff" McGrath at guards.

In event of injuries, or physical collapse, the teachers' club boasts reserves of "The Rev." Lou Martin, Ernie "Yogi" Ribera, John "Shamrock" Mongan, Elman "Numbers" Rose, and George "Greenhorn" Simons, all of whom undoubtedly will see action of some kind.

Fearful of this imposing aggregation, the Jeff varsity, in line for this year's PAL championship, will start their number-one guns in the persons of Don Delbon, Ray Rosa, forwards, John Madden, Center, Wally Honeywell and Tom Costello, guards.

Orlich, only source available at time of this writing, says the faculty will walk away with the game. This statement brought looks of unabashed amazement to onlookers.

However, he backed up his optimism by pointing sagaciously to the fact that the faculty five have never been beaten, except once.

This loss was to the Oklahoma Redheads, a group of travelling lady basketeers, who, again according to Orlich, used trick mechanics on the electric scoreboard and other base conniving to gain the win over the heralded faculty.

The faculty spokesman proudly explained that this was the only faculty loss in more than six years competition. (Ed. note: He didn't say how many games they've played.)

The varsity game will start at 3:15 this afternoon in the Daly City gym, while the 30s will take on the jaycees in a preliminary contest.
